

Kladno, 26.1.2011

Dear Vishal,

We have decided to contribute to your education. We are the team of the pupils from the class 8.B from a school in Kladno. Kladno is a city in the Czech Republic near the capital city.

We have winter now, it's snowing. Christmas holidays finished now. Soon we will have in school half – yearly review. We hope it will be good. We wonder what is in your school and what you like the most, what are your interests. We will be very happy, when you have good results and when your wish is fulfilled. The boy, to whom we contributed before you, has unfortunately failed.

We wish you and your family every good.

You're sincerely
